Project Concern's Walk For Mankind Next Saturday

Five to six thousand Peninsulaans are expected to walk Saturday, October 21 to benefit Project Concern's medical-clinical clinics located in the United States and throughout the World. It was announced recently by Robin Bacon, Monterey Peninsula Walk for Mankind Director.

Open Space Measure to Be Discussed

The proposed Monterey Peninsula Park and Open Space District which will appear on the November ballot will be the topic of a joint meeting of Monterey Peninsula Audubon Society and Ventana Chapter, Sierra Club this Friday, October 13 at 8 p.m. in Monterey Peninsula College Music Hall. Speakers will include Earl Moser of Carmel, member of the Carmel Sanitary Board and chairman of the Committee for Open Space; Pacific Grove physician Dr. John Lord, candidate for district director from the Pacific Grove-Pebble Beach area; Monterey attorney Sean Flavin candidate from the Monterey-Del Rey Oaks ward; and Alice Cantu, candidate from Seaside and member of the Seaside Planning Commission and the Monterey Peninsula Area Planning Commission. Moderator is Jean Blecker of Pebble Beach.

After five-minute speeches by panel members, the evening will be devoted to answering questions from the floor.

Sponsors of the proposition consider the measure vital to the preservation of the Monterey Peninsula's unique character. The local Audubon and Sierra Club chapters were among groups that put the measure on the ballot with a petition drive last year.

Panel member will also be appearing on Dick Bragg's "Feedback" on KIDD Radio on Monday, October 16, 7-9 p.m., and on Bragg's MPTV show "Hot Seat" on Thursday, October 26 at 7 p.m.

Friday's meeting is open to the public, and all local voters are urged to attend.

Sing-up sponsor sheets are available at all Peninsula junior and senior high schools, churches and participating businesses.

Participants are urged to sign up as many friends, relatives, businesses, etc. as possible who will agree to pay a given amount of money for each mile their walker walks.

The 20 mile walk begins and ends at Dennis the Menace Park, Monterey. Walkers may start from 8 a.m. until noon and end at the same point by 6 p.m. The walk will encompass 10 checkpoints located throughout Monterey, Pacific Grove and Seaside where the number of miles walked by the participants will be tallied by Walk officials. Refreshments will be provided along the walk. There will also be first-aid stations and patrol vehicles for walkers unable to finish to take them back to the finish line.

Anyone can sponsor a walker for any amount per mile. All contributions are tax deductible and made payable to Project Concern. Approximately 20 percent of the total amount collected will be returned to the Hirambe Clinic and Young Life projects on the Monterey Peninsula. Other Project Concern clinics are located in Texas, New Mexico, Tennessee, Vietnam, Hong Kong and Tijuana, Mexico.

Anyone can participate in the Walk of Mankind either as a walker, sponsor, or worker. For further information call 375-2281.

Some Adult Classes Are Still Open

Registrations are still being accepted for two adult evening classes at King Junior High School in Seaside. Gerald Anderson, director of adult education for the Monterey Peninsula Unified School District, has announced.

A class in the History and Contributions by Blacks to the American Society is offered every Monday and Wednesday nights from 7 to 10. A physical fitness class for men and women is offered Tuesdays and Thursdays from 7 to 10 p.m.

Smith Named President of Student Employment Service All MPC Classes

Are Open to Public, Says President Faul

CHECK STATISTICS - Loren Smith (center) incoming president and Guillermo Bautista, incoming vice-president of Student Employment Service examine statement of last year's accomplishments prepared by executive director, Phyllis Howard, who looks on.

Loren E. Smith was recently elected President of the Student Employment Service Committee of the Monterey Peninsula at their recent meeting held at the USO Building in Monterey.

Mr. Smith has been the vice-president of the organization

since May, 1971. He is currently a member of the Monterey County Board of Supervisors, Fourth District, and a member of Governor Reagan's Advisory Coordinating Council on Public Personnel and Management. His community experience and involvement will be very valuable

to the committee.

Other members of the Executive Committee who were elected to serve are: Guillermo Bautista of Seaside, vice president; Gertrude Ernest of Pacific Grove, continuing as treasurer; Pearl Carey of Seaside, continuing as Secretary; Rus-

sel Hansen of Monterey is ex-officio member of the executive committee and Phyllis Howard of Carmel, executive Director.

Mr. Smith announced that the actual service operation of the SES Program will continue at the Human Resources Development Office, 408 Webster Street, Monterey, and miss Howard will continue to be the official liaison between the state agency and the ESE committee.

A special consulting committee was appointed by the new president to assist in operating policies and procedures and the planning and the development of more job opportunities for local youth, ages 16-22, who are seeking after-school and weekend work. Name to the committee were Guillermo Bautista, Arron Studtaker and Phyllis Howard.

All courses held at Monterey Peninsula College, including apprenticeship classes held for the Carpenter's Union, are open to the public regardless of union affiliation, according to MPC President George Faul.

At present, the carpenters' program is the only apprenticeship program being held at the college. Dr. Faul pointed out that any other apprenticeship program at MPC would have to meet the same standards of open enrollment.

At Monday night's meeting of the Monterey Peninsula Unified School District Board of Trustees, discussion of the plumbers' and electricians' union terminating agreements with the district brought allegations that MPC would be lenient with alleged racial discrimination.

"As a public institution," said Dr. Faul, "MPC could not be a party to any program which was discriminatory."

The college, added Dr. Faul, has been very active in recruiting minority students into its classes, and becoming involved with any program which

was discriminating against these same students would be unthinkable. The carpenters demonstrated that they were attempting to recruit minorities into their ranks, said Dr. Faul, and they have open enrollment.

The dispute between MPUSD and the plumbers and electricians doesn't involve the college in any way.

"The reason the carpenters decided to move to MPC from MPUSD is the advantage obtained for the people in the apprenticeship sequence," explained Dr. Faul. "Exposure to the community college can motivate those in the program to go on and earn an associate degree," about 60 percent of all apprenticeship programs in the state are now held on community college campuses, he pointed out.

Candidate Will Speak To N.O.W.

Mrs. McGovern's Sister to Visit Here

Mrs. Ila Pennington, twin sister of Eleanor McGovern, will visit the peninsula tomorrow campaigning for her brother-in-law, Senator George McGovern.

While here, she will talk with senior citizens regarding McGovern's stand on social security, health care, property tax, and other issues of concern to Americans over 65.

Mrs. Pennington will arrive by private plane at Monterey Peninsula Airport at 10 a.m., and will go to McGovern Headquarters, 301 Ocean Avenue, Monterey, for a coffee and press conference. From there she will be escorted to Hillhaven-Carmel Convalescent Hospital for a brief visit. She will wind up her tour at Villa Del Monte, 1680 S. Broadway in Seaside, where she will attend a "brown bag" luncheon with Villa Del Monte residents and other local senior citizens.

Suzanne Paizis, Democratic candidate for the State Senate in the 17th District, will be the guest speaker at the October 16 meeting of the National Organization for Women (N.O.W.). The Monday night meeting will be held in the Monterey Public Library's Community Room, beginning at 7:30 p.m.

Ms. Paizis, an outspoken advocate of women's participation in politics, will be speaking on women's political role and political power.

"Women have consistently been under-represented in the California State legislature. We are 53 percent of the population, yet there has never been a woman in the California State Senate. Currently, there are 40 white men in the Senate, mostly attorneys. I believe a more balanced representation of the people by qualified representatives is needed."

The National Organization for Women, Monterey Chapter, meets on the second Monday of each month at 7:30 p.m. in the Community Room of the Monterey Public Library.

Talcott Lauds Anti-Hijack Legislation

Congressman Burt L. Talcott recently expressed gratification over the passage of the Anti-Hijacking Act of 1972 by the House of Representatives.

Talcott had introduced an identical bill earlier in the Session of the Congress.

As enacted by the House, this legislation creates new sanctions through which the United States may combat hijacking. First, Section 1114 - Suspension of air services: This section vests the President with permissive powers to suspend the right of any U.S. air carrier or foreign air carrier to operate to and from a foreign nation that is acting in a manner inconsistent with the Convention for the Suppression of Unlawful Seizure of Aircraft. It also gives the President a second permissive power to suspend the operations of any foreign air carrier between the United States and the foreign nation which continues air commerce between itself and a nation which is acting inconsistent with the Convention.

Second, Section 1115 - Security standards in foreign air transportation: This section grants permissive power to the Secretary of State, to withhold, revoke, or impose conditions

on operating authority of the airline or airlines of a nation that fails to meet the security measures at or above the minimum standards under the Convention.

Third, Civil penalties: Civil penalties up to \$1,000 per day are applicable to violations of suspensions imposed by the President and the Attorney General is authorized to seek judicial enforcement of suspensions.

Commenting on the legislation Talcott said, "This bill is, I believe, a very reasonable, a very responsible manner for this Congress to approach this problem."

"We must if we are to stop this menace, if we are to solve the aircraft hijacking problem, take strong measures. This bill is a strong bill; there is no question about it. I submit it is in the best interest of all air travelers and in

the best interest of the United States."

Deadline Is Near For Tax Claims

Homeowners age 62 or older have only a few days left in which to file claims for Senior Citizens Property Tax Assistance, according to State Controller Houston L. Flournoy, Chairman of the Franchise Tax Board.

"Qualified individuals must have their claims filed by Monday, October 16, or show cause to the Franchise Tax Board for an extension of filing time," Flournoy said.

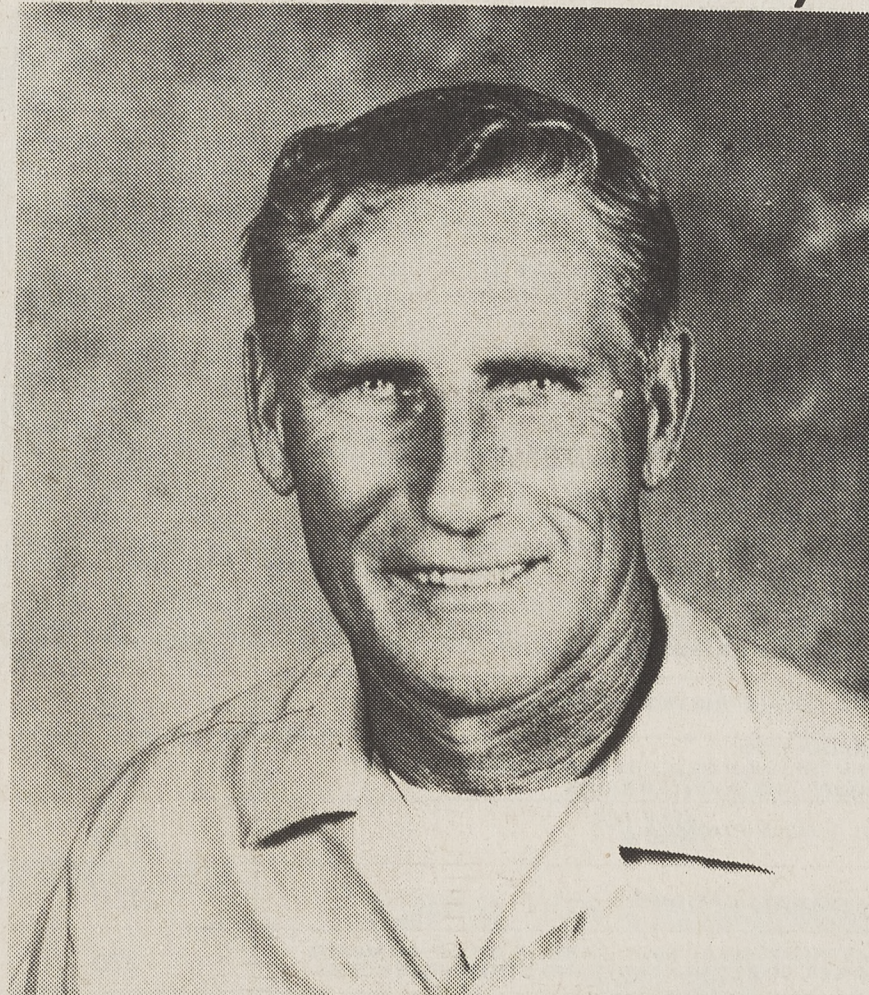

In order to qualify, an individual must own and occupy his own home, be 62 years of age or older, and have a total household income of less than \$10,000.

Flournoy noted that more than 250,000 claims have already been received, and that over 180,000 of them have already been processed and refunds issued in the amount of \$37 million.

"This is a dramatic increase over the previous year," said Flournoy, "when a total of 55,000 claims were filed resulting in \$8 million in assistance."

All claims already filed will be responded to as rapidly as possible and it will not be necessary for anyone to file a second claim, the Controller said. Claim forms are available from any office of the Franchise Tax Board or by writing to Senior Citizens Property Tax Assistance, P.O. Box 1588, Sacramento, California 95807.

Faces Around the Bay

NATIVE OF WEST VIRGINIA, C.W. (Bill) Jones has been resident of Monterey Peninsula since 1947. For past 14 years he has held position of Supervisor of Streets in Seaside. He is responsible for efficient operation of city's public works program. Mr. Jones and his wife, former Barbara Drake, have lived in Seaside since coming to peninsula and have raised five children.

LOVE
"Jesus, our Lord,
We Thee adore.
Oh, make us love Thee
more and more."

"Each experience in your life of joy and sorrow of difficulty or success, of hardship or ease, of danger or safety, each makes its own particular demand upon Me. Each serves to answer the prayer! 'Make me love Thee more and more.' - God Calling."

All literature records the yearning of man for love. It is the single greatest theme of modern poetry. Our noblest poets at their highest moments have described the joys of fulfilled love and the wretched suffering visited upon those who lose or lack this most desired of attachments. Individual readers have their own favorite passages to which they turn for reassurance. I have mine:

"Why do I love you?"

I love you not only for what you are,
But for what I am when I'm with you.
I love you not for what you have made of yourself,
But for what you are making of me."

You must give all you have to give to love. Nothing refuse! If men could obey those simple words, how quickly and completely the world would be regenerated. But even if you are one to whom these higher reaches of fulfillment are denied, there are lower forms of love that can be practiced between man and man, employer and employee, friend and friend. I am referring to the humble virtue of simple kindness, dearness of brother to brother, mutual tenderness. Next to bread, this

Black Friends Of McGovern Are Organized

Will Meet In Monterey

Directors of extended opportunity programs and services from California's community colleges will attend their association's fall conference in Monterey October 25-27.

Monterey Peninsula College will host representatives from the 85 community colleges which have EOP programs.

During the conference, representatives from the California Community Colleges Chancellor's office will meet with the EOP directors to discuss legislative action affecting extended opportunity programs. EOP goals are geared to helping minority and disadvantaged students.

Student concerns, vocational education, financial aid, tutoring, programs with ex-felons and peer counseling are some of the topics which will be discussed in the three-day conference.

On Monday, October 2, a group of concerned citizens met in Seaside to form the Black Friends of McGovern. The Seaside for McGovern group has set up offices in the Del Rey Theatre Headquarters of Julian Camacho.

Claudine Harper, the Seaside delegation's public relations chairman, said, "Seaside has many dedicated people concerned with the fact that in our community there are people who would lead the community to believe that they have joined Richard Nixon to help our community. This is not true. The Seaside Black Friends of McGovern, working with the Monterey McGovern Headquarters and Julian Camacho's staff, will not allow these Judas-Goats to divide and conquer for Richard Nixon."

The Seaside Black Friends of McGovern need help. They need financial aid and community volunteers to help defeat Richard Nixon and Burt Talcott in November. For further information, call Oscar Lawson, general chairman, at 394-0145 or 394-2161 after 5, call Claudine Harper at 242-4042.

Tax Service Head Says Tax Laws Not Simplified

There has been some discussion recently about Internal Revenue Service once again making available to the general public the option to file the infamous so called short form 1040A, to report their income for the year 1972. In fact preliminary copies of the 1040A form have been prepared by IRS and as such it appears that the reissuing of this form is really beyond the "discussion stage."

Larry Beaudin, Western Division Director for H&R Block, America's largest tax service, has some very interesting comments in regards to the use of the 1040A form.

"Everyone should be aware of the fact that the 1040A form does not mean tax laws have been revised this year. Internal Revenue Service is only stating that 31 million American taxpayers, which is approximately 39 percent of this country's taxpayers, are looking for the easy way out, when it comes to settling their annual account with the Federal Government."

Is this right? While Beaudin admits that many taxpayers can file the 1040A form without feeling any bite in their purse, he also admits that millions of taxpayers will get short changed. Unfortunately most of the 31 million people that might use the 1040A form will never know how severe the bite might be.

"For instance, how many taxpayers are aware of the fact that last year the maximum child care expense was \$900 and in 1972 it will be \$4800? Probably not very many." It

is also advised that taxpayers don't overlook the fact that utilization of the short form prevents them from claiming any tax credits on their return. Retirement Income Credit is by far the biggest item here. This in itself could cause an overpayment of tax by as much as \$343 per year. An individual

can overlook this same credit year after year.

"In 1969 Sheldon Cohen, former Commissioner of IRS, did away with the 1040A form after he discovered that millions of people were overpaying their taxes by using this form erroneously. I should think the same situation would de-

velop again this year." This will be most unfortunate to those individuals that are having enough trouble stretching their dollars.

It is interesting to note that H&R Block had to increase the length of its basic income tax course from 8 to 8 1/2 hours this

fall. This would not be necessary if tax laws were simpler. Enrollment for classes which are open to the public, indicates that many taxpayers realize the laws have not been simplified. It is also hoped a few million more taxpayers realize that when they attempt to prepare their 1972 tax returns the laws have not been simplified.

Perhaps tax preparation is one of those times when we should say "compare com-

parison proves." Don't consider taking the easy way out until you have had the chance to determine if this is the most economical for you. This can only be done if you possess adequate knowledge of the tax laws.

It should also be pointed out that many states follow the Federal law and as such if you cheat yourself out of money on the Federal return, you are probably doing the same thing on the state return.

It is easy to understand why H&R Block has an eighty-one

Art Class

Beginners, intermediate and advanced students interested in Drawing and Painting in various media are invited to join the Pacific Grove Adult Art Class on Tues. and Thursday from 7:30 to 10 p.m. in Rm. 1-1, Pacific Grove High School, according to Leith Heyl, Principal of the Adult School.

Recycling Center Is 'Cleaning Up'

GET 'EM READY - Eddie Flores right, and George Yatskievich left, crush aluminium cans as Vic Flores places them on steel plate at Ft. Ord's Recycling Center. This is process that cans must go through before taken to local beer distributor for recycling.

"A dream come true" and that's exactly what Ft. Ord's Recycling Center is. A lot of people worked many months to coordinate the Center's efforts toward ecology.

Except for Sergeant First Class Douglas Forsythe, who is the manager, the Center is primarily volunteer-staffed. SFC Forsythe was transferred from range maintenance because he has been actively involved with ecology projects on post for some time.

Eventually, the Center can be a collecting agent for aluminum cans, tin, glass, and newspapers. However, in an effort to begin operating as soon as possible, the Center will only be collecting aluminum cans for now.

There will be psychedelic dumpy dumpsters placed at the PX commissary, and outside of the Center (building 3058). There will also be one placed at the Presidio of Monterey.

The cans will be collected and taken to the center where they will be crushed by youth volunteers, using earth tampers. Once a week the cans will be taken to a local beer distributor for recycling.

SFC Forsythe said the financial return would be \$200 per ton and that the PX system alone should account for six tons or 24,000 empty cans per month.

The Center will use 10 per-

cent of the money for operating expenses, the remaining money will go to Post Youth Activities. Youth groups will be doing most of the volunteer work but adults are needed for supervision. SFC Forsythe said, "If we have volunteer support we should be able to move two more tons of cans a week out of here."

SFC Forsythe also commented, "If other youth organizations want to work week-

ends they can use any money they make for their own activities." He said, "Youths will actually govern the Center, they'll run it and have an adult to advise."

The Center is located in building 3058. Its operating hours are Monday through Friday, 12 until 7 p.m., and Saturday from 9 a.m. to 3 p.m. For any further information call 5426.

'On Post' Classes Begin

College courses offered by Monterey Peninsula College in the "On Post" education program at Fort Ord will begin October 24. Registration is now in progress.

Enrollment in the 15 classes to be taught this session is open to all high school graduates or persons 18 or older who may profit from further education. While classes are primarily given for the convenience of military personnel at Fort Ord, anyone may enroll.

All classes will be taught by MPC instructors on Post. Those which will be offered are: Administration of Justice 203, Patrol Procedures; Administration of Justice 221, Criminal Psychology; Anthropology 102, Introduction to Cultural Anthropology; Art 110, Introduction to the Arts; Business 102,

Principles of Accounting; Economics 102, Principles of Economics; English 101, Composition; English 131, American Literature; Geology 110, Introductory Geology; History 117, History of the United States; Programmed Mathematics; Philosophy 122, World Religions; Political Science 157, Communist China; Psychology 101, General Psychology; and Sociology 140, Marriage and Family Life.

Classes last eight weeks and meet twice weekly. Military and civilian students under 21 pay no registration fee; servicemen over 21 pay a \$5 fee, and civilians over 21 pay \$13. Placement tests are required for some of the classes if previous college work has not been completed.

Legion Of Merit Is Awarded

Fort Ord's former Deputy Installation Commander was awarded the Legion of Merit, 1st Oak Leaf Cluster, upon his retirement for service during a recent ceremony in the Office of the Commanding General.

Colonel Stephen E. Cavanaugh, a 30-year veteran of the U.S. Army, was awarded the medal for his loyalty, dedication and enthusiasm that set an inspiring example for all those who served with him, and earned him the complete confidence of his superiors.

The citation read, "His personal efforts resulted in improved post operations, future planning, improved discipline, law and order and gave support to the soldier and his dependents. His diplomacy and sincere concern for the welfare of the Ft. Ord community and his projects to insure the participation of post residents in their own well being enhanced the image of Ft. Ord and the U.S. Army."

Col. Cavanaugh entered the U.S. Army in 1942 and served in the Pacific Theater during World War II. Among the positions he has held while an officer in the military has been the Assistant to the Chief of Staff in Taiwan, Chief of Staff of the 8th Infantry Division in Germany.

He has attended the University of California, Los Angeles majoring in Machine Engineering and History; the U.S. Army Commanding General Staff College at Ft. Leavenworth, KS., and the U.S. Army War College at Carlisle Barracks, Pa.

In addition to the Legion of Merit he wears the Distinguished Service Cross, Bronze Star with Oak Leaf Cluster and the Master Parachute Badge.

Col. Cavanaugh is presently residing in Monterey with his wife, Blanche, and their two sons, James and Anthony. He is teaching at the Education Center, College Section here.

Registration will be held in the Fort Ord Educational Counseling Office, Bldg. 1047, through October 20. All fees and textbook charges will be paid on the first night of class.

Credits earned in the program are transferable to other colleges and universities towards the Associate of Arts or Associate of Science degree given by MPC.

Service Signal

Navy Airman Apprentice Lawrence Cordone, son of Mr. and Mrs. Gus J. Bruno of Seaside, has left his homeport at Alameda for a Western Pacific deployment aboard the nuclear-powered aircraft carrier USS Enterprise.

He is a former student of Monterey High School.

Navy Petty Officer Third Class Valente L. Sabado, son of Mr. and Mrs. Marcial P. Sabado of Seaside, has left his homeport at Alameda for a Western Pacific deployment aboard the nuclear-powered aircraft carrier USS Enterprise.

He is a 1966 graduate of Seaside High, and a 1968 graduate of Monterey Peninsula College.

Navy Fireman Recruit Carlos M. Santiago of Marina, graduated from recruit training at the Naval Training Center at San Diego.

A 1972 graduate of Seaside High School, he is scheduled to report to Engineman Class "A" School at Service School Command, Great Lakes, Illinois.

Marine officer candidate Alexander A. Shepko, son of Mr. and Mrs. Andrew Shepko Jr. of Seaside, graduated from the Marine Corps Platoon Leaders Class at the Marine Corps Development and Education Command, Quantico, Virginia.

Navy Airman Recruit William L. Brown, son of Mr. and Mrs. Lyle S. Brown of Seaside, graduated from recruit training at the Naval Training Center at San Diego.

As Oceanographer of the Navy, Admiral Snyder directs the Naval Oceanographic Program for the Chief of Naval Operations. The program includes ocean science, ocean engineering and development, oceanographic operations, and environmental prediction services.

Admiral Snyder, a 1944 Naval Academy graduate, attended the Postgraduate School in 1952 to study ordnance engineering. He continued his studies at the Massachusetts Institute of Technology, where he received an M.S. in nuclear physics in 1955. He completed studies in naval warfare at the Naval War College, Newport, R.I. in 1961.

Requirements Are Changed

Beginning with the fall 1973 quarter, students transferring from Monterey Peninsula College to the University of California may be admitted to advanced standing after establishing a 2.0 grade point average in their community college work.

In a new experimental program being developed at the University of California, students who were eligible for admission to the university at the time of their graduation from high school may be admitted to advanced standing after establishing at least a 2.0 9" letter grade) average at a college or university.

Students who were not eligible at the time they graduated from high school may be admitted after they have completed 56 semester hours of transferable course work with

at least a 2.0 average. Students who were ineligible for admission as a freshman only because they had not studied some of the required subjects in high school have two options by which they may become eligible. They may choose to take college level courses in the subjects they lacked and become eligible upon completion of those courses with a 2.0 or better grade, or they may be admitted to the University of California upon completion of 56 semester hours of transferable course work with at least a "C" grade average.

According to MPC's Dean of Student Personnel Jack Bessire, the change in requirements will make transferring easier for MPC students planning to attend the University of California.

Oceanographer Of Navy to Visit NPS

The recently appointed Oceanographer of the Navy, Rear Admiral J. Edward Snyder Jr., will visit the Naval Postgraduate School this Friday, October 13, to review the graduate Oceanography program, one of the most active in the country.

In addition to discussions about graduate oceanography studies, Rear Adm. Snyder will meet briefly with officer students and pay a visit to the school's ocean research vessel ACANEA.

As Oceanographer of the Navy, Admiral Snyder directs the Naval Oceanographic Program for the Chief of Naval Operations. The program includes ocean science, ocean engineering and development, oceanographic operations, and environmental prediction services.

Admiral Snyder, a 1944 Naval Academy graduate, attended the Postgraduate School in 1952 to study ordnance engineering. He continued his studies at the Massachusetts Institute of Technology, where he received an M.S. in nuclear physics in 1955. He completed studies in naval warfare at the Naval War College, Newport, R.I. in 1961.

Seaside Ripples

Continued from Page 1

is the food all mortals most hunger for. It is the essential vitamin of the soul.

Too few people pour this love on the relationships of our daily lives. We cannot afford to forget that kindness includes salespersons, domestic help, the garage mechanic, and the tailor who presses our clothes. Also, too many people preach the "brotherhood of man," but exhibit an ugly class consciousness by treating the janitor as though he belonged to an inferior breed. Never forget, everyone is made of the same human clay.

We destroy our own peace of mind when we make bad aggressions upon the many humans who help turn the complex wheels of our society. The "brotherhood of man" will work better when we take the time, patience, and love to discover what our fellow man looks like, to learn his name, and just regard him as a human being.

Before we can rightly breathe the word "love" we must realize that every person we meet in the course of a day is a dignified, essential human soul, and that we are being guilty of gross inhumanity when we snub or abuse him.

All psychology indicates that in the nature of man there is not only an unconquerable urge to receive love from others, an inability to live with serenity and joy when deprived of affection from our fellow man, but what is more important, there is an inner necessity to give love and to bestow affection upon the outer world.

We must all seek to attain "Mature Love," or, unconditional love which does not ask the impossible. Love becomes mature when it achieves the attitude of respect for the valuable aspects of the "self" and the "neighbor." How many of our readers saw the notice in our last edition about the request for blood donors? How many of you responded to the appeal? How many of you realize that without a moment's notice you too may need some blood? How many of you readers realized that one of the patients who was responsible for the draining of the Blood Bank was our editor and my Boss, Andy Barragan? That is true.

Luckily, it is not too late to rectify your thoughtlessness. You may make an appointment with the Blood Bank at any time and donate blood for anyone who needs it. Or for anyone whom you may know of who needs to replenish blood already used. Or, you may donate blood for yourself. It is like insurance, you never know when you may need it.

Since we are on the subject of Andy Barragan, (we are so), last Friday he went for his checkup in San Jose. He is doing so well that the doctors do not even want to see him for three more months. News like that surely makes you want to shout, I did. Also, he is feeling so good that from the hospital he and his wife decided to take a little honeymoon. You know, sneak off by themselves where there was no telephone or anyone to bother them. They went up to Russian River and San Francisco and on the way back stopped at his brother's place (The Cook Book in Aptos) and just had a ball.

Yes Sir, Andy is doing just great. Incidentally Jean (his wife) and I went last Thursday to give blood. In less than a shake she was finished. She filled up the little old plastic bag in no time. But me...well, I had a little trouble. They poked, and squeezed, and massaged, and even tried to coax a little, but all they could come up with was a few drops that were barely enough to determine my type. But when I raised from the table I could hear a voice saying:

"Well done, thou good and faithful servant."

Escape Plan UFM Brochure Is Crucial Available

Preparing for fire emergency could be crucial to the survival of your family, warns the Insurance Information Institute (I.I.I.).

A total of 12,200 persons were killed by fire across the nation last year. Many could have survived if they would have reacted quickly, correctly and automatically to a fire escape plan, says the I.I.I. Because most home fires start between midnight and 6 a.m., the Institute urges all families to draw up a plan setting the following night-time escape procedures:

* Sound the alarm. Decide on a warning the whole family can sound. It may be hollering, pounding on walls, whistling, striking pans, etc.

* Test doors before opening. Halls and stairways might fill with lung scorching, poisonous fumes. If a door is hot, do not open it.

* Find alternative escape routes. Figure out two ways to escape each room, especially bedrooms.

* Exit quickly. Speed is vital in case of fire. Get out fast. Assign help for infants, the elderly and invalids.

* Gather at an outside meeting spot. Check if everyone is safe and then notify the fire department.

The University for Man has published its fall brochure of workshops and classes which will be offered this semester. Copies of the booklet are available at Peninsula bookstores, libraries and at Monterey Peninsula College where UFM's offices are located.

Between 40 and 50 classes will be offered this fall. Registration will be held October 10 through 12. On October 12, an open house will be held in the MPC College Center from 7-9 p.m. so prospective students can meet workshop leaders. A similar open house will be held at the New Monterey Neighborhood Center at Light-house and Dickman streets in Monterey on October 12.

The University for Man was initiated in the fall of 1969 by a group of students, MPC faculty and townspeople who were willing to donate their time to the free university. The goals of UFM are to stimulate thought, provide free access to raw materials for creative imagination, and to bring people together by common belief in the preeminence of spirit of man," according to Len Epstein, an instructor at MPC and one of UFM's coordinators.

Offices of the free university are located in B-7 on the MPC campus. Those requesting information about UFM should call 375-9821, ext. 283.

Your Supervisor Reports

Loren Smith

Happy and enthusiastic faces greeted the Monterey County Supervisors last Tuesday morning as the regular Board meeting was called to order. The occasion was the Annual Awards meeting for County employees at which over one hundred fifty people received service pins recognizing their many years of association in County employment. Several cash awards and certificates of merit for valuable suggestions that they have made for improving services to the County residents, improving working conditions, or monetary savings for the taxpayers.

This annual affair does much to build good will and a spirit of cooperation among all the County Employees...it was a

happy occasion.

Another matter on which I am pleased to report is the activity of the Monterey Peninsula Student Employment Service Committee. This Committee is supported by contributions from civic bodies and service groups and also local communities. Its purpose is to assist young people to obtain suitable after-school, weekend and vacation employment so that they may benefit from both learning and work experience. During the past ten months over 1,040 job placements were made. These job placements are processed thru the Human Resources Program and during this ten month period 45 percent of all job placements made thru the local H.R.D. office (Formerly the State Employment Office) were student placements thru the Student Employment Program.

During the last three years I have been a member of this committee, having served as Vice-President last year and presently hold the office of President.

This program serves a vital need for our disadvantaged and minority youth on the Monterey Peninsula and the STUDENT EMPLOYMENT COMMITTEE feels a great sense of satisfaction with the results of our program. It has been in operation since 1959 and shows steady growth.

Your Seaside Street Department

This week marks the 18th Anniversary of Seaside being incorporated as a City. It is fitting for this column to honor a man who dedicates his life to making Seaside a city to be proud of. As Public Works Supervisor of the City of Seaside and as an employee of the city for the past sixteen years, Charles W. Jones, known to everyone in Seaside as "Bill," has played an important role in the growth of Seaside.

Under his direction, the city's street department has progressed from a four man division to a department of seventeen men, including Street Construction and Maintenance, Storm Drain Construction and Maintenance, Building Maintenance, Sewer Maintenance and Street Cleaning. This has meant a growth of improvements of sixty-five miles of paved streets.

Bill was in the navy from 1943 to 1947, worked for his future father-in-law as a mechanic at Drake's Garage from 1947 to 1951 and for Pacific Gas & Electric Company from 1951 to 1956. Bill was hired by the city in August 1956, working the first year as a laborer at \$285 per month. He was then promoted to Equipment Operator in August 1957.

Bill was not without injury, he broke a toe on the job in April of 1958. He was promoted to Street Foreman in June 1959, on the recommendation of the city's first engineer.

This is a statement about Bill's performance by the same engineer, "Bill has improved drainage conditions requiring corrective action, follows through with remedial measures, does a fine job of coordinating varied activities of the street Division."

Another statement about Bill, "He is an excellent worker with a minimum of supervision, he plans his work well, utilizing both men and equipment to the best advantage." Bill has worked under five city managers.

Over the past sixteen years Bill was instrumental in initiating the following programs, Sewer Maintenance, the Chip Seal Program, Weed Abatement, Storm Drainage, Street Sweeping and Traffic Striping.

Bill lives with his wife Barbara and two of their five children, Vi Anne and Brad at 1848 Juarez Street in Seaside. Bill and Barbara have three married children, Mrs. Kitty Deegan, Mrs. Vicki Dickson and Mr. Charles N. Jones and two grandchildren.

Chamber of Commerce Progress Report

Verlaine Crawford, Executive Director

The Chamber of Commerce Military-Community Relations Committee is busy planning a huge promotion for the City of Seaside. It's about time we honored the military and help to bring the community and military personnel closer together. We all benefit when we improve relations. We do need volunteers to help on the committee.

We need help promoting a Seaside Merchants Sale to be climaxed by a giant show, featuring well-known talent, providing entertainment on a grand scale. We're shooting for January, so we need your help now. The Grand Opening Celebration and Champagne Party at the beautiful, new Thunderbird Motel was a huge success. Chamber Members, City Officials, citizens and visitors all enjoyed food and champagne around the pool at the Thunderbird. They have the very reasonable prices for beautiful rooms.

The next meeting of the Board of Directors at the Chamber will be Thursday, October 12, at 8 a.m., at the Chamber Office. It should be an interesting meeting with reports from Finance, Membership, Military Appreciation, Christmas Decorations, and the Nominating Committees. This month the Chamber will be electing new Directors to the Board. There are 15 Directors, half of which are elected every two years, in alternating years. So, seven are up for election this year.

Remember, the General Membership Luncheon will be Wednesday, October 25, at the Holiday Inn on the Beach, beginning at 12 Noon. Please let me know if you are coming. This will be your chance to help plan the future of Seaside.

Field Trips

Two field trips are planned in October by the Monterey Peninsula Audubon Society.

On Saturday, October 21, Bill Reese will lead the monthly beginners' instructional trip in the Point Pinos area to look for shore birds. The group will meet at 9 a.m., at the parking area near Crespi Pond. The walk will last about three hours.

On Wednesday, October 25, Fremont Ballou will lead a Monterey Peninsula Shoreline Trip. The group will meet in parking lot at south end of Camino El Estero, just off Fremont in Monterey. After looking for birds around El Estero, they will proceed along the coast to Asilomar. Those wishing to stay longer may bring a picnic lunch to eat in Washington Park, Pacific Grove.

Your Mayor Reports

Joe Dolan

PROJECT PRIDE

Next Friday, the 13th of October '72, the proud City of Seaside will celebrate its 18th Birthday! We were officially and legally incorporated on October 13, 1954.

Our growth, accomplishments, and progress have gained national recognition. Many dedicated people, far too numerous to list here, have contributed their energies, talents, expertise, to bring our City to its present state. In the final analysis we've made progress because of the involvement of an overwhelming majority of our citizens, their personal contributions, and their innovative ideas to put Seaside on the map!

Now we need continued total community cooperation in maintaining our forward progress. I wish to bring to your attention some of the problem areas where we need support and cooperation of our young people, parents, ministers, contractors, police, and anyone truly interested in upgrading our City.

The severity of vandalism and thefts recently in the Redevelopment Areas (Hannon and Del Monte Heights) is beyond belief. Numerous rooms of brand new carpeting has been stolen from brand new homes being built for our citizens! Some of these new homes have had carpeting stolen two or three times.

Practically every new house has a majority of its windows broken as a result of thrown rocks and bottles. Paint has been thrown everywhere on

completed homes that never have been occupied. Pounds of sand and other debris are poured into the plumbing to further compound the completion of a new home. Plants have been pulled up the same day they are put in the ground.

Every builder/contractor has been harassed by these conditions which are not covered by insurance; unfortunately this will also affect every homeowner in Seaside because insurance rates will go higher and eventually insurance and financing will not be available.

I believe the majority of the thefts are being perpetrated by non-Seaside residents and these individuals also create a portion of the vandalism in an effort to cast the blame on our youth.

The builders are experiencing difficulty in selling new homes! Neither buyers nor renters are interested in living in this type of environment.

We need to institute the "Buddy System" - block by block, in all of our areas. Neighbors are encouraged to help each other and promptly report suspicious activities.

The Redevelopment Agency, through its Project Area Committee, will be soliciting your support and cooperation in eliminating our trash pollution and helping to clean up all our areas.

I would suggest to our young people in school that each school class, through its class leaders/officers, institute their own programs to help us gain their ideas and contributions by which we can stop the litter.

I'm pleading for community awareness and cooperation to help solve these problems.

It is to the benefit of our community that the contractors be able to continue to develop and therefore offer the fullest possible employment to all of Seaside's citizens through the Affirmative Action program.

Letter to the Editor

Editor: On September 24 the members of Veterans of Foreign Wars Post 2601 and the ladies of the Auxiliary of Longmont had the pleasure of entertaining veteran patients from Fitzsimons Army Hospital, Denver. One of our guests was E-7 Roosevelt Dunn whose home is at 1467 Lowell Street, Seaside. Our guests were greeted by Post Commander John Bookout, other officers and members on their arrival here. After a short break all were taken on a three hour mountain jeep tour by members of the Longmont chapter of Mile High Jeep Club. Returning to the post home, lunch was served by the auxiliary with an afternoon of fun and games following. Before returning to Denver, Dunn and the others expressed appreciation for an enjoyable afternoon and hoped they might return another time.

It was our pleasure to have Sgt. Dunn as our guest and we sincerely hope your readers will be interested in one of their veterans recovering at the Denver hospital. Longmont, Colorado

Editor: There is a new awareness among blacks that "putting all our eggs in one basket" has done nothing but give blacks only half-time representation and a half-time voice in the democratic governmental system of the United States.

These words were spoken by Seaside Attorney Jane Van Hook in a recent interview during a meeting in Seaside which saw some dozen black Democrats re-register as Republicans in a move which may very well be the first of many across the country.

Mrs. Van Hook has accepted chairmanship of the New Republican Committee which she hopes will expand into a nationwide effort to acquaint blacks across the country with the philosophy that a voice in both major political parties is absolutely essential if minorities are to achieve any representation in policy making decisions when either party is in power.

"I was absolutely surprised when I learned what President Nixon's Republican administration had promised to do," said Mrs. Van Hook. "For example, the present administration doubled federal grants to primarily black colleges, tripled federal business loans through the Small Business Administration to black businessmen, raised Social Security benefits and improved Civil Rights legislation and increased funds for its enforcement from \$75 million to \$602 million."

Mrs. Helyn Short, chairman of the Seaside headquarters to Re-elect the President commented that she changed her party affiliation for many of the same reasons, and added, "President Nixon has appointed more women to high-level positions than the Democratic presidents before him combined."

"I'm honored to work for the President's re-election. His performance in office has distinctly overshadowed those of his two Democratic predecessors. He has deescalated the war as he had promised, and brought home more than half a million G.I.s from Vietnam." Mrs. Short's husband is a recent retiree from the U.S. Army and "I speak from first hand knowledge," she continued.

Reverend C. Lewis McFadden, a well respected black minister in Seaside, also a converted Democrat, stated that, "President Nixon has appointed more black judges to lifetime federal judgeships than all of the Presidents before him."

"I expect criticism from many of the die-hard Democrats who may think that the Democratic Party is truly the party of the minorities," said the Reverend. "But facts do not lie. It's as plain as the nose on our faces. More has been done for minorities in the last three and one-half years than in any like period in the history of our nation."

Walter Brown and other well known black figures in Seaside echoed these sentiments. Brown followed by saying that a story which appeared in an Oakland paper and distributed generously throughout Seaside was critical of the actions. "It's odd that the reporter who wrote that story interviewed only those who opposed Nixon's re-election," said Brown. "An objective writer would have interviewed blacks from all walks of life and from both sides of the political spectrum in order to eliminate bias and to achieve objective journalism."

Other minorities have benefited from Republican programs as well, commented another black who favored representation in both parties. For example, 35 spanish speaking citizens have been appointed to high administration posts, according to information he had received and verified.

Jose Zertuche, who resigned as Chairman of the Santa Clara County Democratic Committee to join the party "which has performed and his father" said that three generations of unfulfilled promises is sufficient time for that party to reckon with us. "The Democratic Party has chosen to let us be the fallers in the field while they remain the absentee landlord, unattentive to our needs," said Zertuche.

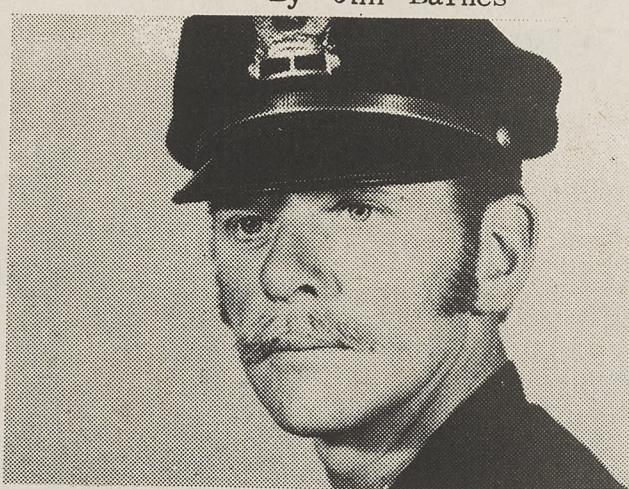

Mrs. Van Hook concluded her remarks by saying that the Republican Party has been in power for twelve of the last twenty years, and that it would be foolhardy for blacks to concentrate their voting power in a party which has been in office less than half of that time.

Sincerely yours,

Anne Nixon
Monterey County Precinct
CO-Chairman, Monterey County
Committee for the Re-Election of the President

Cops Corner

By Jim Barnes

Officer Skip Badiny, a native of California and a resident of the city of Seaside for the past 11 years, was born and grew up in the Los Angeles Area. While attending high school, his family moved to the Monterey Peninsula where he graduated from Monterey High School in 1954.

He entered military service with the U.S. Marine Corps in 1954 with four of his class mates from Monterey High, one of which is now on the Seaside Police Department. While in the military service, Skip Badiny travelled extensively abroad.

Because of his exposure to the Monterey Peninsula during his high school years, he returned to Seaside where he enlisted his services with the Seaside Police Department on September 1, 1962.

As a police officer with out department, "Skip" has worked in Patrol, and Traffic. He has badge number 1, and holds the honor of being Seaside's senior patrolman. During his course of duty, he has the responsibility of filling in as the Acting Watch Commander in the absence of the Sergeant and the Lieutenant.

Officer Badiny is married and has three children who attend school in the Monterey Unified School District.

When asked about his attitude and feeling towards law enforcement, "Skip" stated although he has been called on the carpet several times, he feels that "an officer should take the time to understand and appreciate the other fellows feelings."

Skip went on and related the following story about himself which I feel would be of interest to you the reader. "I like to camp and fish a lot, or just forge through the mountains, and while on one of my trips, I found an old Indian plaque, the literal translation of the writing on it was 'Don't judge this Brave until you've walked ten miles in my moccasins.' The finding of this plaque served to strengthen his own beliefs in carrying out his duties as a police officer."

Skip is furthering his education by attending night school at Monterey Peninsula College, his immediate goal is to receive his Associate Degree, then perhaps his BA. It is a pleasure to have men of Officer Badiny's caliber as a member of the Seaside Police Department.

Your Councilman Speaks

By Steve Ross

This will not be a regular column for me, so please don't "turn off."

I would like to talk to you about one of our neighborhood parks.

Never before in the history of my adult life have I heard more concern expressed for the ENVIRONMENT and its impact upon our daily lives than I hear today. Parks and open space is an important part of urban life. We need room for our children to play and express enjoyment of the outdoors in a way that can not be expressed indoors. This need for expression is important to each age level of our society. It is important to the small child or tot, the pre-teen, the teen-ager, the young adult, the middle aged and to the senior citizen.

A man's home is his "CASTLE" even in the age of "No Knock" laws. (When I say "man" I mean or include all sexes). Man's home is the one piece of territory that stakes out for himself and his immediate family. For this cause he, or she, works long hours and take great risks to make that home bring to him and to those he loves happiness, peace and contentment - even dreams of a lifetime.

There are times when the enjoyment of the outdoors and the tranquility of the indoors come into conflict. But this can only happen when one, or the effects of one, invade, the territory of the other.

In the city of Seaside open space is most difficult to obtain. We are very tightly landlocked between cities and the Fort Ord military reservation. In fact, part of the military reservation is within the city limits. Park space for public use may be obtained only at a premium cost to the city or taxpayer - both in terms of money and in sacrifice, or at the expense of other land-use needs.

There was a time when Seaside had no parks to speak of. Now we do. I shall not name and locate all of the, in the interest of space. But I shall talk about one. This one is located at Highland and Mingo. There was a time when that park was used so little that there was a question of whether it was worth maintaining. Now it is the most heavily used park in the city. This is good. Parks are designed to be used.

But, families living in the immediate area, and along the connecting streets are concerned about the security of their homes and the children, especially the small ones. They are also concerned about the larger children who are using the park. They have expressed real concern about noise, especially at late hours; blocking of traffic, at special times of the day; trash thrown about the area; broken windows and other property damage; and car racing or "dragging", especially along Mingo Avenue. It is because of the sincere concern of the neighborhood that I shall deal with the "HOW" of the problem.

We are asking the families (or heads of household) who live in the Hannon Project area, especially those who live near the park, to meet with us October 12, at 7:30 p.m. in the old city hall building, 1580 Del Monte, Seaside. Our objective in this meeting will be to develop a mechanism that will bring the maximum peace and happiness to families whose homes are in the immediate neighborhood. Anything that contributes in any way to that objective will be explored.

I shall propose to the adult group the formation of a Home Owners & Occupants Association, which will make it possible for them to attack the problem in a united way. It will also provide a neighborhood unit through which other matters that may affect the neighborhood could be addressed.

I shall ask for a meeting with the young people who live in the area, and with those who use the park. The time and place of that meeting will be made after the meeting with the heads of household. I shall also propose to the youth that they structure themselves into a Youth Neighborhood Advisory and Implementation Council, which could assume some of the responsibility for their own conduct at the park. Their youth unit would make a great impact upon other youth programs and activities within our city.

We are inviting the Mayor to meet with us. We are also asking members of the Human Relations Commission to set inas individuals, and as observers. The public is also invited.

Soul Food

by Rev. Richard J. Hooper
Director, Mission Possible

Many of our readers are, no doubt, Black, and might not fit the classic description of "counter culture" (i.e. long hair, rock fans, users of psychedelics, etc.), the target group which my ministry entails. This being the case, many of you might write me off as a "white honky preacher" who knows nothing about black problems. I could expand great effort telling you of the work I have done in all Black neighborhoods, but I won't because it would still prove nothing.

I do think I understand many Black problems, though, simply because being what the white middle class would term a "hippie," I have many times been at the mercy of the slum landlords (no money), quite familiar with food stamps, discriminated against by employers because of my long hair and political posture, and generally looked down upon by the white middle class just as have the Blacks and other minorities. I certainly don't need to tell you that the Black culture is a "counter culture." But further, many of our culture's problems are exactly the same: the need for jobs, medical care, drug rehabilitation programs, housing, political representation, and respect in general. My culture knows these things through experience, not through hearing or reading about them, as one might accuse white liberals of. This is why Blacks, hippies, Chicanos, women, homosexuals are all part of the "Movement," the movement to gain justice for minorities in a country controlled by the rich and powerful.

This is where my sponsor comes in. Jesus, Not the Jesus familiar to white middle class churches nor of the so called Jesus Movement which preaches Jesus as an escape from our problems, but the Lord of Love, who spent His whole life among the minorities of Palestine; the down and out, the prostitutes, the mis-used and mistreated; for these were and are the people who need God's help (the others "have their reward"). They are also, no doubt, the one's who can best be open to the reality of God, for only when one is truly empty can the Lord enter a life - where there is room. And Jesus was one of the people, no money, no political power. He was fully acquainted with suffering, the suffering of rejection which finally led to the Cross, the ultimate assassination by the establishment which considered Him too dangerous; because He lived what was right and holy: Love, peace, truth and justice. For these causes Martin Luther King, Malcolm X and Medgar Evers all, too, were assassinated.

But it was the holy power of the living Christ working within them which enabled their great live work and statements. They, like He said they would be, were persecuted for the cause of righteousness. The Lord lives still! And He lives in you! And you may use His power to change the world which the Lord is accomplishing through His servants, for God himself is for the poor, the suffering, the disenfranchised of the world. Can Man who is against us then prevail?

While life looks bleak much of the time in this century, He is slowly moving all of life toward peace and perfection. There may be little justice in this country, but there is justice in the universe! All that is happening for distinct purposes. There are no mistakes! Not in our individual lives, and not in life as a whole. All is planned, even our suffering and seeming injustices - for our pruning, growth and evolution according

Symphony Season

The 27th season of Monterey County Symphony Association opens with Haymo Taubert conducting the orchestra at Monterey Peninsula College, this Sunday October 15, at Sunset Auditorium, Carmel, on Monday, October 16 and at a new location in Salinas, Madonna del Sasso Church, 320 East Laurel Drive. All concerts begin at 8 p.m.

Featured artist with the Symphony is young Glenn Dicterow, top American prize-winner of Moscow's 1970 Tchaikovsky Competition. He will perform the Violin Concerto in D Major by Johannes Brahms on his 1712 Stradivarius violin. Dicterow has performed with many major symphony orchestras in the United States, including the Los Angeles Philharmonic, the

New York Philharmonic, the San Francisco, Indianapolis and Seattle Symphonies. Orchestral numbers on the program are Overture to "Operon" by Carl Maria von Weber, and Symphony No. 4, by Peter I. Tchaikovsky. A sold out house at Sunset Auditorium indicates the popularity of the Orchestra. Seats are still available at Monterey Peninsula College and in Salinas.

Call 624-4125 in Carmel for ticket information, or write Box 3965, Carmel 93921. Checks for the \$20 season ticket may also be mailed to that Box number.

CHICKEN PRISCILLA

AN ITALIAN dish using wine is one you can serve to a gourmet without having a worry in the world.

- 1 Chicken (about 4 pounds);
- 1 Clove garlic;
- 3 Tablespoons butter;
- 3 Tablespoons olive oil;
- 1 Cup dry white wine;
- Juice of 1 1/2 lemons;
- 3 Large eggs, beaten;
- 1/4 Teaspoon pepper;
- 1 Teaspoon salt;

Saute garlic in oil and butter. Remove the clove and add chicken cut into convenient serving pieces. Cover and simmer for 10 minutes. Add the wine and simmer covered for 25 minutes. If chicken is dry, be sure and add more wine to keep it moist. Remove from stove, add lemon juice and stir. Add eggs and stir constantly. Place over heat for half a minute, stirring. Remove from stove immediately. Serves four.

VEAL MEDELEINE

From the famous kitchens of France comes this recipe, which should be served with noodles.

- 2 pounds boneless veal;
- 2 tablespoons butter;
- 2 tablespoons flour;
- 1 teaspoon salt;
- 1/4 teaspoon pepper;
- 2 1-inch strips lemon peel;
- 1 cup boiling water;
- 1 cup heavy cream.

Brown veal in butter. Sprinkle with flour, salt and pepper. Brown again. Add lemon peels and water. Cover. Simmer until tender, about one hour. Remove peels, stir in cream. Heat through, but do not boil. Serves six.

Social Security Recipients Alerted to 'Rent Watch'

Internal Revenue Service investigators are checking rents in Northern California buildings in a national Rent Watch to prevent landlords from boosting rents to take advantage of tenants' increased Social Security payments.

"This month, 28 million Social Security recipients will receive a 20 percent increase in their payments," Charles E. Kingman, IRS District Director for Northern California, said. "We are urging landlords not to raise rents unless they are certain such increases are legal. In many cases, landlords have already raised rents this year and must wait until 12 months have elapsed since that increase before raising rents again."

Landlords must not raise rents beyond a maximum 2.5 percent a year increase plus prorated pass-throughs of increased taxes, municipal fees and services and capital improvements. Tenants must receive a detailed 30 day notice before rents are increased.

The Cost of Living Council has given the IRS new administrative sanction powers to protect tenants from illegal rent increases. Now the IRS can order landlords violating regulations to restore overpayments to tenants, roll back rents to legal limits and impose penalties of double the overcharged rent.

The IRS will refer to the Justice Department for prosecution cases of flagrant and willful violation of rent rules, the District Director said. Kingman urged tenants to report rent increases which they consider illegal. The IRS gives priority handling to rent complaints from Social Security recipients.

"To insure their complaints receive handling priority, citizens should identify themselves as Social Security recipients when they contact us, especially by telephone or letter," Kingman said.

All residential rental units under controls are covered by Rent Watch. This generally includes all units owned by landlords with an interest in more than four units. Excluded are landlords with less than four units and housing controlled by the Federal, state and local governments.

IRS offices have copies of Form S-38, which shows the detailed information landlords must supply in notifying tenants of proposed increases.

"Use of the form, however, does not mean the IRS has approved a rent increase. If the landlord does not give the tenant proper notice, any increase,

even one justifiable under the rules, is illegal," the director explained.

VISIT OUR CITY - Berkeley Mayor and Mrs. Warren Widener came to Seaside last Sunday to see sites. Here they talk with Charlie Williams and Councilman Steve Ross.

Photo by Camera Masters

KEEP IT LOOKING GOOD - With Friday being 18th anniversary of Seaside's incorporation as city, it seemed appropriate to honor those men who do such good job of keeping our streets in condition. Members of Seaside Street Department are: (standing from left) Eddie Robinson, Doyle Evans, Bob Smith, Neal Duffy, C.W. Jones, Ralph Artellan, Harold Johnson, Bobby Johnson; (kneeling from left) Jack Balding, Bob Sweat, Sam Merola, J.P. Jones, James Brown. Not pictured: Dick Szody, Tom West, Doyle Johnson and Dave Campbell.

Homecrafters' Marketplace Next Month

November 18, 1972, from 10 a.m. to 3 p.m., is the time and date selected for the Homecrafters' Marketplace in the main parking lot at Sunset Center.

Homecrafters' Marketplace --an opportunity for the non-professional who makes craft, art, or other home-made saleable articles to sell them in an open-air craft festival which brings buyers and sellers together in a community flavored event.

The Marketplace, sponsored by Carmel's Sunset Cultural Center, was first held last year. Because of short notice planning, many who wanted to take part at that time were not able to prepare enough items to enter the event. Announcing the pre-Thanksgiving weekend early this year offers an opportunity for early Christmas shoppers to plan to garner some unique handmade gifts, and at the same time, gives artisans enough time to prepare an adequate supply of wares.

The non-commercial aspect of the Homecrafters' event cannot be too greatly emphasized! No commercial enterprises are eligible to enter. Only bonafide, state certified non-profit groups and/or individuals who as a hobby or parttime activity do crocheting, knitting, or sewing; or who specialize in cakes or cookies or other home-kitchen goodies; or perhaps paint or sculpt or draw; or maybe woodcarvers, or block printers, or flower arrangers are qualified to enter. The objective is to allow the home crafter to garner a small Christmas fund to eke out a limited income or to create a donation for a pet project or charity.

Those who qualify and who wish to participate should call at the Sunset Center office and fill out a registration form and pay the nominal \$2 registration fee. Approximately 50 spaces are available and pre-

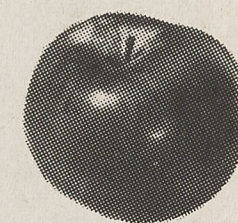

ference will be given to residents of the Carmel community. If space is available after November 13, non-residents

who meet all qualifications will be accepted. For any further information, call 624,3996.

PREPARE - Pouring little "salt" on fire for Young Life Barbeque to be held October 14 at Monterey High School, are (from left) Navy Chaplain, Captain William R. Samuel; Young Life area director, Bob Broyles and Mrs. Donna Barker, coordinator for event. Barbeque, scheduled to include entertainment for parents and teenagers, is opportunity for interested persons to learn on many good things Young Life does for teens. Free program will run from 5 until 8 p.m. For further information, contact Pat Sameule at 375-7083 or Mrs. Baker at 375-3465.

Nichols Looks For First At Laguna Seca

Don Nicholas and Jackie Oliver are in the Can-Am Series to win races like the upcoming Monterey-Castrol GTX Grand Prix at Laguna Seca the weekend, October 13 through 15.

But they do not do it the easy way, by getting a car from somebody else like McLaren, Lola in England or Porsche in Germany.

Instead, Nicholas decided to do it the good old-fashioned American way, by building his own in the traditional way of Jim Hall (Chaparral), Dan Gurney (Eagle) and the late Lance Reventlow (Scarb).

While doing it yourself may be the best way in some fields of endeavor, when it comes to building a 200 mph racing car there has to be a better way.

First of all you need a designer, to make over 350 drawings. They need a team of mechanics specializing in fabrication with exotic metals like titanium, magnesium, aluminum and even plain old steel. Once you've made the pieces, you have to put it all together, design and build a fiberglass body that will work like that of an airplane at high speed, and put in an engine capable of producing over 750 horsepower so that it will run as fast as an airplane and, of course, you need a superstar driver—one like Grand Prix Ace and LeMans Winner Jackie Oliver of England will do.

Then if it doesn't work, and

Monterey Is Full Of History

If it's California history you're after, you'll find plenty of it at Monterey.

Second oldest settlement in the state and our first capital, Monterey according to the National Automobile Club, was shaped largely by the cultures of Spain, Mexico, and New England.

In 1602, 18 years before the Pilgrims landed at Plymouth Rock, Sebastian Vizcaino sailed into Monterey Bay and planted the Spanish flag on the shore.

In 1770, Captain Juan Bautista de Anza marched from Mexico with 247 men, women, and children, and several hundred head of livestock. The majority of this group settled at Monterey and the town was on its way.

In 1846, during our war with Mexico, Commodore Sloat and his marines landed at Monterey and claimed California for the United States.

Today many old buildings remain to remind us of this happy history. Armed with a guide booklet supplied by the Monterey Chamber of Commerce and following the red line that runs along the streets of the town, you will see the Custom House, oldest government building in California, Colton Hall, built in the late 1840's and the meeting place of the Constitutional Convention in 1849, the old Whaling Station, built during the whaling boom of the 1860's, and many more.

If it's California history you're after, better make Monterey a must on your list.

New Ford Pickup

Ford Division's new F-Series pickup trucks, including this F-100 Ranger XLT, feature the most extensive changes in six years. The F-100/250/350 light trucks include an all-new cab, new interiors, new exterior sheet metal, longer wheelbases and wider tracks. Cab length is increased two inches, permitting more leg room and a roomy storage area behind the seat in most models. New features include front disc brakes on all two-wheel-drive models, double wall construction of the cargo box and optional power steering and automatic transmission in four-wheel-drive models.

Hot Wheels Derby For Kids Planned

The Del Monte Kiwanis Club announces a new kind of racing for youngsters—the first annual Monterey Bay Area Hot Wheels Derby.

The derby is a three day event starting tomorrow (Thursday) and will be held on the mall at Del Monte Shopping Center in Monterey. Kids from age five to fifteen are invited to race their favorite Hot Wheels cars on open competition. The Derby champ will receive a special Hot Wheels Derby Trophy and a big "O" Sizzlers race set, with a trophy and Hot Wheels merchandise to the runner-up. More than 100 prizes will be awarded during the three day competition.

Each child who enters will receive a special Derby Driver Certificate signed by fa-

mous race drivers, Tom "The Mongoose" McEwen and Don "The Snake" Prudhomme.

The Derby features the longest continuous Hot Wheels track in the world, over 100 feet, with the hot cars launched from an eight foot tower. The kids will have a chance to race their

Hot Wheels at incredible speeds against some of the fastest cars in the area.

Tomorrow and Friday, the competition racing takes place between 5 and 8 p.m., and Saturday from 11 a.m. to 4 p.m.

State's Largest Papers Announce Opposition To Proposition 18

California's three largest daily newspapers have announced their opposition to Proposition No. 18, branding it "the censorship amendment."

Urging voters to defeat the measure on the November General Election ballot are the Los Angeles Times, San Francisco Chronicle and Los Angeles Herald Examiner, a Hearst publication.

The three newspapers have a combined circulation in California of over 2.1 million copies daily.

The Los Angeles Times editorially charged: "The proposition is not only clearly unconstitutional, it is also unsound public policy. It would give to every local community broad authority to say what is obscene and what isn't. The publisher or store owner or theater owner would then have to go into court to try to prove they weren't obscene."

"The definitions of obscenity in the proposition are so broad as to put under suspicion any mention of sexual conduct in print, or film, in works of art or in speech."

"The proposition is said to be aimed at hard-core pornography, but its reach is so broad it could cover things that are by no stretch of the imagination obscene."

The San Francisco Chronicle editorialized:

"Its deficiencies are such, according to good legal authority, that if grafted upon existing statutes it could bring about their invalidation on constitutional grounds and leave the State with no regulations on obscenity and pornography whatever."

And the Los Angeles Herald Examiner said:

"This poorly prepared measure would not only restrict the showing of many films and the distribution of many publications, it also would change the protection now given many works of art and literature by repealing the language protecting works of 'redeeming social importance.'"

"A similar proposal was defeated by California voters six years ago. Proposition 8 should be even more strongly rejected next November 7th."

Reporting the editorial position taken by the major dailies, Californians Against Proposition No. 18 declared:

"This initiative would wipe out state law in obscenity matters and permit vigilante-type raiding squads to censor and seize Academy Award-caliber motion pictures as well as television films, books, magazines, and even daily newspapers."

"It would cripple the operations of libraries, museums and art galleries by permitting suppression of classic and modern works of art."

Leading the fight against Proposition 18 is a broad-based coalition of businessmen, labor leaders, clergymen, educators, government and civic leaders.

Talcott On Campaign Trip

Congressman Burt Talcott will return from Washington, D.C. this weekend to continue his campaign for re-election.

After his arrival Thursday at San Francisco International Airport, the Congressman will drive to Salinas, stopping along the way to meet with newspaper editors and publishers in Santa Cruz, Watsonville, San Jose and Monterey.

Friday and Saturday, Congressman Talcott will be in San Luis Obispo County. He will visit Cal-Poly, Cuesta College, Paso Robles and other areas. The Congressman will also participate in several interviews with local radio stations.

On Sunday, Talcott will journey to San Benito County and the County Fair. Accompanying him will be the new chairman in San Benito County, Don Gabriel.

Talcott anticipates being able to campaign full time in the district after October 14, when Congress adjourns. Until that time the Congressman is unable to devote time other than week-ends to his re-election campaign because of commitments to the House Appropriations Committee.

CHP Will Cite Unsafe Bicyclists

In the past few years there has been a great upsurge in the use of bicycles in California. Along with this increase has been an even greater increase in the accidents involving bicyclists. Also noted has been the fact that it is usually the bicyclist who causes the accident.

Captain Dan W. Lyons, new CHP Commander in Salinas, has announced a new method of reducing vehicle code violations by the unsafe bicycle rider.

Effective immediately, California Highway Patrolmen will be using a new form of enforcement document. This new process utilizes a postcard format. The officer observing a violation will record the incident on the postcard, obtain the child's home address and mail the postcard to the parent.

The postcard method of recording violations will only be used for correcting the activities of children. Adults and young people who can be expected to know the traffic laws will be given citations or warnings depending on the severity of the violation.

The success of the postal card program will depend on the parent giving guidance to their children when the postcard is received. The card is for the use of the parent in correcting unsafe acts by their children. The cards are not punitive documents and no permanent record will be made of their issuance.

In past years people have considered the bicycle a toy. Today, our accident experience dictates that this belief is out of date. Too many people are being injured and killed.

Captain Lyons solicits the assistance of all the citizens in reducing accidents due to the misuse of bicycles. Captain Lyons offers the assistance of his office in providing speakers for groups. Also, printed material may be picked up at the CHP office on Portola Drive near Reservation Road (just off the Monterey Highway) from 8 a.m. to 5 p.m. daily.

Modern Dance Classes at MPC

Three eight-week courses in modern dance techniques will be offered by Monterey Peninsula College starting the week of October 16, according to Heinz Hubler, MPC's community services officer.

All three classes will be taught by Tani Crowley, a graduate of UCLA and a professional dancer who has appeared in Europe, New York and Las Vegas.

Intermediate modern dance techniques will be taught in a workshop which will meet Wednesday from 6 p.m. to 7:30 p.m. in the college dance studio. The class will be devoted to developing alignment and control of the body by using breathing and yoga techniques for relaxation. According to Miss Crowley, the class will be geared to a performance level of development.

A class titled Beginning Modern Jazz Dance will be held each Tuesday for the eight week period from 6 p.m. to 7:30 p.m.

also in the dance studio. The style taught by Miss Crowley is classic ballet jazz style like the one used by the Harkness Ballet in New York. Emphasis is of fluidity of movement as well as control and accent of rhythmic elements.

The third class offered this fall will be Intermediate Modern Jazz Dance which will meet on Tuesday evenings from 7:30 p.m. to 9 p.m. in the dance studio. This class broadens the techniques taught in the beginning workshop and expands into contemporary jazz styles such as Afro-Cuban and "Funk."

Each workshop will be limited to 15 persons. A fee of \$20 will be charged for each class. Registration may be made through MPC Community Services, 375-9821, ext. 335.

Says Supervisors Could Save Taxpayers Money

Roger Poyner today told the press that, "taxpayers in Monterey County are presently losing about \$60,000 a year in real money. This \$60,000 is money which could be earned through the use of TAX ANTICIPATION NOTES."

Very simply, he said, School Districts and Monterey County have financial "dry periods" between the twice-a-year property tax collections. This "dry period" is presently financed by borrowing from other public funds. When these funds are used, the taxpayer loses 5 to 6 percent interest on those funds.

"However," Poyner went on, if the fiscal dry period is financed by TAX ANTICIPATION NOTES at a cost of 2-1/2 percent interest, the taxpayer gains by keeping his tax money at maximum interest return. The banks who buy these notes can offer such a low rate of interest because the income to the bank is not taxable. Many counties and school districts in California are making money for their taxpayers by using a tax anticipation note program.

"Through the incumbent voted against such a program last year," he concluded "I believe the taxpayers deserve every break they can get. I urge the Board of Supervisors to initiate a TAX ANTICIPATION NOTE program now."

State Graduate Fellowships are available to students who will be in their first or second year of graduate or professional school beginning September 1, 1973. Approximately 200 fellowships will be available for the 1973-74 academic year and are available for graduate degree work in the sciences, social sciences, humanities, the arts, mathematics, engineering, business, education and professional degrees in law, medicine, dentistry, veterinary medicine, pharmacy, and others which may be determined by the Commission.

Applications must be filed with the State Scholarship and Loan Commission by December 15, 1972. Announcement of winners will be on March 30, 1973. All fellowship applicants will be required to submit test scores from either the Graduate Record Examination, the Law School Admission Test, the Dental Admissions Test, the Medical School Admission Test, or the Admission Test for Graduate Schools of Business depending on the specific academic competition entered. No test scores will be accepted from tests taken after December 16, 1972, and students must request that test scores from previous test administrations be sent to the Commission by that date. Applications may be secured from California colleges and universities or directly from the Commission.

FUTURE FARMERS? - Last April, two Seaside teenagers--Tim Yarnelly, 13 and Frank Martorella, 16, planted three pumpkin seeds in Tim's back yard. They took turns watering and applying tender loving care to seeds. You can see from photo what little love can do for pumpkins. --Photo by Camera Masters

New Art Exhibit at Bookstore

An exhibit of drawings, paintings and prints by William Minor, English instructor at Monterey Peninsula College, will be on display in the MPC Bookstore through October 20. Minor, primarily an English teacher, has been active as an artist for several years. His studies art at the University of Michigan, Pratt Institute and the University of Hawaii. He received a master's degree in drawing and painting from the University of California at Berkeley. He has exhibited at the Pennsylvania Academy, the Smithsonian Institute and the San Francisco Museum of Art, as well as at other national galleries.

The artist's subjects vary from local landscapes to mythology. Ink pen drawings and acrylic paintings of the former, both representational and abstract, were done on a bike tour of the coast this summer. Woodcut prints are based on Greek, Russian and Hebrew myth and lore.

Sets Records

The fifteenth Annual Monterey Jazz Festival, held on the Monterey County Fairgrounds the weekend of September 15, 16, 17, totaled the biggest gate receipts in its history. The non-profit event which gives grants, scholarships and other donations to worthy students and activities, showed this year approximately 34,000 paid admissions and a gross of approximately \$170,000.

Four of the five concerts were sold out and closed circuit TV broadcasts were provided to handle overflow crowds. Biggest show of the five concerts was Saturday evening which featured jazz artists Herbie Hancock, Sonny Rollins, Mary Lou Williams, Joe Williams, Art Blakey, Roy Eldridge, Clark Terry, Al McKibbin, Thelonus Monk, Sonny Stitt and Kai Winding. The show not only sold out in the 7000 seat arena but also 700 closed TV seats.

The Sunday evening concert, which featured Roberta Flack, Quincy Jones, Cal Tjader, Dizzy Gillespie, and Willie Bobo sold out and came within 50 seats of selling out the 700 seat closed circuit TV auditorium.

TOP BACK - Seaside's Rene "Breakaway" Garnett has been outstanding runner in Big Sky Conference so far this season. Starting half-back of Idaho State's varsity, this sophomore has been almost all of ISU's rushing offense. After two games he led ISU rushers with 22 carries for 114 yards. He also has caught two passes for 52 yards and scored 12 points.

SUMMONS (MARRIAGE)

To the Respondent:
The petitioner has filed a petition concerning your marriage. You may file a written response within thirty days of the date that this summons is served on you. If you fail to file a written response within such time, your default may be entered and the court may enter a judgment containing injunctive or other orders concerning division of property, spousal support, child custody, child support, attorney's fees, costs, and such other relief as may be granted by the court.

If you wish to seek the advice of an attorney in this matter, you should do so promptly so that your written response, if any, may be filed on time.

Legal Notice

NOTICE OF TRUSTEE'S SALE
T.S. No. 72-6101

On October 25, 1972, at 3 p.m., the undersigned Trustee, as duly appointed Trustee under and pursuant to Deed of Trust dated July 29, 1970 recorded August 4, 1970, as in said No. 618060, in book RE-660 page 1042 of Official Records of Monterey County, State of California.

WILL SELL AT PUBLIC AUCTION TO THE HIGHEST BIDDER FOR CASH (payable at time of sale in lawful money of the United States) at the CHURCH STREET ENTRANCE to the MONTEREY COUNTY COURT HOUSE, in the CITY OF SALINAS, CALIFORNIA all right, title and interest conveyed to and now held by it under said Deed of Trust in the property situated in said County and State described as:

Lots Numbered 1124 and 1136 in Block Numbered 17, as said Lots and Block are shown on that certain map entitled, "Map No. 3 of DEL MONTE HEIGHTS," filed for record January 8, 1969 in the Office of the County Recorder of the County of Monterey, State of California, in Volume 2 of Maps, "Cities and Towns," at page 12.

The street address and other common designation, if any, of the real property described above is purported to be: 771 Harding Street, Seaside, California

The undersigned Trustee disclaims liability for any inaccuracy of the street address and other common designation, if any, shown herein. Said sale will be made, but without covenant or warranty, express or implied, regarding title, possession or encumbrances, to pay the remaining principal sum of the trust(s) secured by said Deed of Trust, to-wit: \$14,549.52, with interest thereon, as provided in said note(s), advances, if any, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trustee created by said Deed of Trust.

The beneficiary under said Deed of Trust heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and a written Notice of Default and Election to Sell. The undersigned caused said Notice of Default and Election to Sell to be recorded in the county where the real property is located.

Date: September 15, 1972.

Attorney for Petitioner in pro per
SUPERIOR COURT OF CALIFORNIA, COUNTY OF MONTEREY,
1200 Aguajito Rd., Monterey, Ca. 93940

In re the marriage of
Petitioner: Clintell Cornelius Porter
and
Respondent: Michelle Porter

CASE NUMBER MDR 3702
SUMMONS (MARRIAGE)

To the Respondent:

The petitioner has filed a petition concerning your marriage. You may file a written response within thirty days of the date that this summons is served on you. If you fail to file a written response within such time, your default may be entered and the court may enter a judgment containing injunctive or other orders concerning division of property, spousal support, child custody, child support, attorney's fees, costs, and such other relief as may be granted by the court.

If you wish to seek the advice of an attorney in this matter, you should do so promptly so that your written response, if any, may be filed on time.

Comes To Yountville

"Elizabeth I," described as "an historical frolic" by Paul Foster, is being presented by the Elizabethan Players of the Napa Valley Theater Company in the Vintage 1870's Rack Room in Yountville five times weekly through October 21.

Performances are scheduled for 8:30 p.m. Wednesday through Saturday. The Sunday presentation is at 4 p.m. Tickets range in price from \$2.25 to \$3.75. Local telephone numbers for reservations are 586-2615 in San Francisco and 444-8575 in Oakland.

Picks Sharp Wardrobe Nutcracker Scheduled

Tony Franciosa has a TV wardrobe to match his character.

His character, of course, is that of Nick Bianco, described by series creator Leslie Stevens as "a razor-sharp character who is a smooth, funny street hustler, mobster, consigliere, cop, commissioner, FBI, CIA, DFI agent. He's an encyclopedia of the underworld and extremely smooth with women."

Stevens requested of men's costumers Wayne Reed and Michael Hoffman that the clothes be "sharp, colorful, but 'subdued conservative' in business traditional."

This was accomplished by picking traditional materials and giving the outfits a flashy touch through brightly patterned ties, pastel-colored shirts and bright pocket kerchiefs.

Franciosa's own tailor, Hollywood's Joe Cotroneo, made up three outfits.

As in Franciosa's personal wardrobe, the middle button of the jackets was set two inches lower than the norm, an idiosyncrasy of the actor's. All trousers flare slightly. One outfit consists of a single-breasted,

"Nutcracker," Lew Christensen's lavish San Francisco Ballet production of the Tchaikovsky ballet--which last December drew sell-out crowds of more than 65,000--returns to the War Memorial Opera House in San Francisco for its traditional holiday presentation on Saturday, December 9, at 8 p.m.

The production, with Robert O'Hearn's elaborate costumes and decor, will be shown 23 times in the Opera House, closing Wednesday, December 27.

Included in the 12 matinees and 11 evening performances is a special 11 a.m. Christmas eve performance. The spectacular ballet brings a company of 150 to the Opera House stage in the two-act production of the Christmas fantasy, with musical director Earl Bernard Murray and assistant conductor Denis de Coteau conducting the traditional Tchaikovsky score.

This production is Lew Christensen's second full length treatment of the holiday favorite.

jacket with gold buttons, worn with medium gray double knit slacks.

Safeway... the Store for Today's Woman

Here are some of the reasons:

FINEST MEATS All of our beef cuts are government graded, USDA CHOICE. Close trimmed to remove excess fat and bone so the meat cooks better and gives you more to eat for your money. Must please you or your money back!

FRESH PRODUCE Sparkling fresh fruits and vegetables chosen by expert Safeway buyers right in the growing areas. They rush the produce to our stores in peak condition for you to enjoy.

NATIONAL BRANDS A big selection of best known brands. You'll find your favorites at money-saving prices.

SAFEGWAY BRANDS For additional savings, we offer an outstanding variety of quality brands bearing our own labels. All are unconditionally guaranteed.

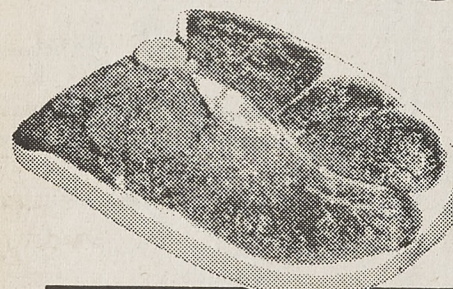

OPEN DATING Safeway brands of perishable foods carry easy-to-read dates on the package. Buy on or before these dates and you are assured of several additional days of fresh, top quality food.

DISCOUNT PRICES All through the store you'll find low discount prices which can mean real savings in your food budget.

SUPER SAVERS These are temporarily reduced prices — even lower than our discount prices. Added ways to save!

GUARANTEE The exceptional thing about our guarantee is that there are no exceptions. Everything you buy at Safeway must please you or we'll refund your money!
